THE VETERAN'S K-9 CORPS®

www.VetDogs.org

America's VetDogs is an accredited assistance dog provider that trains and places guide dogs with veterans who are blind; service dogs for those with physical disabilities, and physical and occupational therapy dogs to work with amputees in military and VA hospitals. VetDogs is a 501(c)(3) not-for-profit organization and serves the needs of disabled veterans from all eras and active duty personnel.

All America's VetDogs services are provided at no cost to those who have honorably served.

How Can You Help?

America's VetDogs relies on voluntary contributions from individual donors, corporations, foundations, and service organizations to fund its mission. It costs over \$50,000 to breed, raise, train, and place an assistance dog; however, there is never a charge to the recipient, even if their disabilities are non-combat related.
